- Wide variety of other wheel options are available including a wet specification wheel for harsh environments.

## Pump Unit

- Compact and durable design
- Efficient hydraulic system for easy operation
- Every hydraulic unit is individually tested for operation and leaks prior to delivery

## ABOUT CHAPEL ENGINEERING

Chapel Engineering is an independent company established in 1999. We supply and service hand pallet trucks providing the highest levels of service at realistic prices. By working closely with our customers and because we are independent of any manufacturers, we are able to provide the right truck for a wide range of applications.
