

CHAPEL ENGINEERING

Sales, service and repairs to all makes of hand pallet trucks

CHAPEL HB1054M/HB1068M

The Chapel HB1054M and HB1068M are manual high lift scissor-action trucks.

They are ideal for applications where staff have to continually bend to either load or unload products.

This truck is ergonomically designed with safety in mind, in order to protect personnel.

1000kg Capacity

ABOUT CHAPEL ENGINEERING

Chapel Engineering is an independent company established in 1999. We supply and service hand pallet trucks providing the highest levels of service at realistic prices. By working closely with our customers and because we are independent of any manufacturers, we are able to provide the right truck for a wide range of applications.
